**Patients wishing to book Antenatal appointments or Medicals with their GP should speak to the reception staff who will be pleased to arrange these.**

Please note that on Wednesday evening the practice provides a later surgery until 6:30pm with Dr Jackson. This is to assist those patients who may work out of Ripon or have genuine difficulty in attending the surgery at other times of the day.

Additionally, a practice GP will hold a routine surgery from 6:30pm (surgery closing at 8.00pm) on Tuesday and Thursday evening. The GPs will cover this surgery on a rota basis. Again, this is intended to assist those patients who cannot attend the surgery during normal surgery hours. It is not an emergency service and patients with urgent medical need should continue to contact the out-of-hours service after 6.00pm, when the surgery phone lines are automatically diverted to the Emergency Doctor Service.
